

SCHOOL INFORMATION PACK

China Quest

Structured International Learning Programme

A structured educational journey through China for schools seeking cultural depth, real-world learning, and meaningful student outcomes.

Ages 14–18

TY Compatible

Modular Design

From €2,990

Programme at a Glance

Parameter	Details
Target Age	14–18 years
Group Size	10–30 students
Duration	5–14 days (modular, combinable)
Format	Summer programme / Transition Year / School-designed module
Supervision	1:8 bilingual leader-to-student ratio
Pricing	From €2,990 per student (5-day module, all-inclusive*)
Accommodation	Quality 3–4 star hotels, twin/triple supervised rooms
Teacher Accompaniment	Schools welcome to nominate a teacher (travel supported)

Learning Framework

China Quest is built on three learning pillars delivered through a daily cycle of structured inquiry:

Evidence-Based Learning

Guided observation, discussion, reflection, and documented outputs

Authentic Cultural Immersion

Neighbourhoods, daily life, meaningful interaction — beyond tourism

Next-Gen Innovation

Robotics, AI, mobility, connecting interests with future pathways

Daily Learning Cycle

Step	Activity	Purpose
1. Exploration	Site visits, expert encounters	Direct observation and exposure
2. Reflection	Journaling, small group discussion	Processing and meaning-making
3. Challenge	Interview, sketch, document tasks	Active inquiry and critical thinking
4. Circle	Group debrief, peer exchange	Shared learning and perspective

Beijing: Roots, Identity, and Living Heritage

A module focused on how history, memory, and identity shape modern China.

Core Experiences

Day	Theme	Core Activities
Day 1	Arrival & Orientation	Airport pickup, hotel check-in, neighbourhood walk, team briefing, welcome dinner
Day 2	Imperial History	Great Wall (Mutianyu section), Forbidden City, guided historical context, evening reflection
Day 3	Culture & Craft	Hutong exploration, calligraphy workshop, local family cooking experience, peer circle
Day 4	Innovation & Future	University campus visit (Tsinghua/PKU), tech park tour, student innovation challenge
Day 5	Reflection & Departure	Morning reflection session, group showcase, certificate ceremony, farewell lunch

This is an indicative itinerary. All programmes are co-designed with the school and can be adjusted to fit specific learning goals, student interests, and scheduling requirements.

Learning Outcomes

- Understanding of Chinese imperial history and its modern legacy
- Experience of living cultural heritage through hutong life and traditional craft
- Exposure to China's top academic institutions
- Practice in observation, documentation, and reflective writing
- Cross-cultural communication and team collaboration

Shanghai: Global Interface, Exchange, and Modern Chinese Identity

A module focused on global connection, cultural fusion, and city life in contemporary China.

Core Experiences

Day	Theme	Core Activities
Day 1	Arrival & Orientation	Airport pickup, Pudong skyline walk, team briefing, welcome dinner
Day 2	Urban Transformation	The Bund historical walk, Pudong vs Puxi contrast study, urban observation challenge
Day 3	Culture & Exchange	Yu Garden & Old Town, school exchange with local students, peer dialogue session
Day 4	Neighbourhoods & Daily Life	Lane house (lilong) exploration, local market visit, street food culture, reflection circle
Day 5	Reflection & Departure	Morning reflection, group showcase, certificate ceremony, departure

Shanghai's school exchange component can be tailored to match your students' age group and interests. We work with partner schools across the city.

Shenzhen: Future Ecosystems, Innovation, and STEM Exploration

A module focused on design, making, and innovation

- Technology company visit (robotics, AI, or digital economy)
- Huaqiangbei electronics market — grassroots innovation ecosystem
- Maker space hands-on workshop
- Urban transformation case study (OCT Creative Park)
- Student innovation pitch challenge

Ideal for schools with STEM focus, design thinking curriculum, or entrepreneurship programmes.

Hong Kong: Capstone Perspective, Sustainability, and Global Outlook

A module focused on comparison, reflection, and global perspective

- Victoria Harbour & Star Ferry — city as text
- East–West urban histories walking tour
- Field-based sustainability observation (Mai Po or Lantau)
- Local community and neighbourhood discovery
- Final programme reflection, showcase, and certificate ceremony

Recommended as a capstone module. Its comparative and reflective focus helps students synthesise learning from earlier modules.

Additional city modules (Hangzhou, Chengdu, Xi'an) are available on request. Multi-module programmes can be designed as 10-day or 14-day journeys combining two or three cities.

What Students Gain

Students return with more than memories — they gain confidence, perspective, and evidence of meaningful learning.

Tangible Learning Evidence

Students return with documented observations, reflective journals, creative outputs, and a certificate of completion. Depending on the module, students may also produce interview notes, short research tasks, visual documentation, or digital storytelling work. All outputs are designed to support TY portfolio submission.

Global Fluency & Core Competencies

Through teamwork, reflection, and cross-cultural engagement, students strengthen adaptability, communication, collaboration, and critical thinking. The programme helps students move beyond passive observation and develop the confidence to interpret, question, and respond to unfamiliar environments.

Career & Future Pathways

Exposure to innovation, urban change, and professional environments helps students connect academic interests with future possibilities. From technology ecosystems to cultural institutions and university settings, students gain first-hand insight into the worlds they may one day study in, work in, or help shape.

Programme Outputs

Output	Description	TY Relevance
Reflection Journal	Daily structured reflections	Portfolio evidence, personal development
Creative Outputs	Photography, sketches, writing, digital work	Creative expression, documentation skills
Challenge Responses	Interview notes, observation logs, research tasks	Inquiry skills, critical thinking
Certificate of Completion	Formal programme certificate	TY record, college application support

Some programme elements may also align with aspects of Gaisce, depending on each student's goals and school or PAL guidance. We recommend discussing this with your school in advance.

Supporting Student Wellbeing

China Quest is designed to support student wellbeing, clear supervision, and practical collaboration with schools throughout the journey.

Clear Supervision

Experienced bilingual leaders with structured daily coordination. Maximum 1:8 leader-to-student ratio.

Risk-Aware Planning

Route planning, activity review, emergency response procedures, and clear communication protocols.

School-Facing Support

Schools can nominate a teacher. Pre-trip briefing, daily updates available, post-trip summary.

Student Wellbeing

Accommodation, transport, meals, insurance, medical access, and communication all built into planning.

What's Included

✓ Included in Programme Fee

- All accommodation (hotel, twin/triple, supervised)
- All meals (breakfast, lunch, dinner)
